

	Nr. mesh elements	Re_{λ}	Case investigated
Ishida et al. [12]	1024 ³	31 - 250	HIT free decay
Ishida et al. [48]	4096 ³	1200	forced HIT
Yeung et al. [49]	4096 ³	1000	forced HIT
Pirozzoli [50]	512 ³	251	forced HIT
Schaefer et al. [51]	1024 ³	50 - 116	HIT free decay
Spyksma et al. [52]	1024 ³	218.1	forced HIT
